

Self-launching Bow Rollers

Heavy Duty Design Bow Rollers

HIGH TORQUE HIGH SPEED

BOW ROLLER SELECTION GUIDE, WHAT ANCHOR FITS WHICH BOW ROLLER?

It is important to match your anchor with the correct bow roller for maximum performance and usability.

177 Series Self-Launching Bow Rollers are designed for use with all modern plow style anchors that are made in one piece such as the Deltal Style, Rocna, Rocna Vulcan, Ultra, Manson Supreme, Mantus, and Wing anchors.

The 177 series Self-Launching Bow Rollers can also fit Fortress and Guardian anchors by removing the top roller and moving the front roller to the center position.

176 Series, Self-Launching Bow Rollers are designed for use with Claw type anchors also known as Bruce style and Rocna style anchors.

Follow the GUIDE below for correct selection:

176 series, Self-Launching Bow Rollers come in 7 different sizes for use with anchors from 5kg/11 lbs. to 120kg/264 lbs.

- 176101 Anchors 4kg/9lbs to 8kg/17lbs
