

HINIUM MARINE ANCHORS

Anchors

Grapnel Folding Anchors AISI316 & Galvanized.

Most suitable for use in inflatable boats, canoes, kayaks or small dinghies where space is at a premium. Assembled in seconds. Hot dipped galvanized cast iron construction.

Factory Code	Weight	Boat size	Height (mm)	Width (mm)
154101	0.7kg	10ft	185	165
154102	1.5kg	15ft	310	290
154103	2.5kg	20ft	360	320
154104	3.2kg	20ft	400	360
154105	4kg	25ft	450	410
154106	6kg	30ft	500	450
154107	8kg	40ft	550	535

Note: Hot-dipped Galvanized models: 154201-154207.

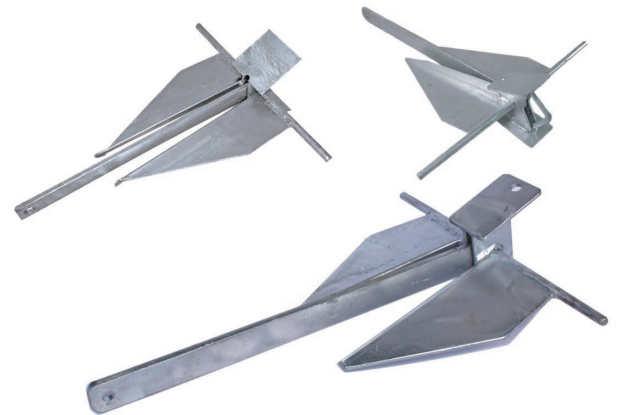

Danforth Anchors Stainless Steel 316 & Galvanized Finishing

Danforth fluke anchor is made of hot tip galvanized carbon steel. Performs quite well in mud and sand. When set correctly, the flukes can penetrate the bottom with a lot of force, resulting in excellent holding power. Tapered shank with chamfered edges for deeper seabed penetration.

Factory Code	Weight	Boat size	Height (mm)	Width (mm)
155101	3.6kg	10ft	495mm	355mm
155102	4.5kg	10ft	495mm	360mm
155103	5.5kg	25ft	555mm	420mm
155104	7.5kg	35ft	590mm	490mm
155105	10kg	40ft	700mm	490mm
155106	15kg	45ft	800mm	550mm
155107	20kg	50ft	850mm	590mm
155108	27kg	60ft	900mm	660mm

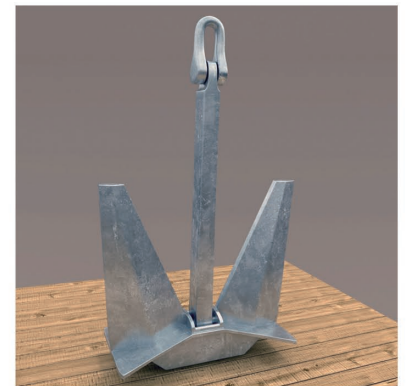

Note: Hot-dipped Galvanized models: 155201-155208.

Pool Anchor Stainless Steel 316 Mirror Polishing

Factory Code	Weight	Boat size	Height (mm)	Width (mm)
156101	20kg	45ft	505	400
156102	25kg	50ft	505	400

Note: Hot-dipped Galvanized models: 156201-156202.

Grapnel Anchors Galvanized Finished

Traditional hard holding anchor with strong flukes for holding in difficult conditions.

Factory Code	Weight	Boat size	Height (mm)	Width (mm)
157101	2kg	3m	585	380
157102	3kg	4m	610	390
157103	4kg	5m	640	450
157104	5kg	6m	650	520
157105	6kg	6m	710	590
157106	8kg	7m	800	660
